

# Aperio GT 450 SAM DX Software Versions 1.1 and 1.2 with Windows Server 2022 Patch Notice

Leica Biosystems is always looking for ways to further improve our customers' experience using our products. Our software patches often include new features, but also include improvements based on customer input and our own internal testing. Please make sure to read below for the details of this patch so you can get the best out of your product. Thank you for being a customer of Leica Biosystems.

## Aperio GT 450 SAM DX Software Supports the Use of Windows Server 2022

Aperio GT 450 SAM DX Software Versions 1.1 and 1.2 now support the use of Windows Server 2022.

## Microsoft Windows Server Patch Testing

Aperio GT 450 SAM DX Software Versions 1.1 and 1.2 were tested on Microsoft Windows Server 2022 with Windows Security update KB5034129 (January 2024) applied with no issues for operation.

Microsoft patches are available from the Microsoft website at:

### **Windows Server 2022 (21H2 x64 bit)**

KB5034129:

<https://www.catalog.update.microsoft.com/Search.aspx?q=KB5034129>

This patch notice serves as evidence that Leica Biosystems conducted successful testing to adequately ensure security of Aperio GT 450 SAM DX Software Versions 1.1 and 1.2 for release as required by applicable Leica Biosystems Imaging Quality Management System (QMS) that is certified to MDSAP/ISO 13485 and GMP, and consistent with current cybersecurity best practices.

Please direct any concerns or questions to Leica Biosystems Technical Services at [TechServices@leicabiosystems.com](mailto:TechServices@leicabiosystems.com).

Aperio GT 450 SAM DX Software Versions 1.1 and 1.2 with Windows Server 2022 Patch Notice

Part Number/Revision: PN-0054, Revision A | Date: February 2024

This document applies to Aperio GT 450 SAM DX Software Versions 1.1 and later.
